

MORGAN

44

Traditional Quality, Contemporary Style

The Magnificent Morgan 44

Good food is essential for a successful cruise. Meal preparation should be an enjoyable part of life aboard a cruising yacht.

The galley design of the Morgan 44 recognizes this fact and creates a pleasant environment for the cook. The "U" shaped galley surrounds the cook with counters of crisp white laminate and teak trim and large separate refrigerator and freezer compartments. There are also two deep, stainless steel sinks and a gimbaled stove with oven.

There are cabinets large enough for your biggest pots, a full bank of drawers for utensils and space for dry food storage.

A microwave cabinet is built in above the counter aft. A large window and opening overhead hatch keep the galley bright and well ventilated.

The main cabin is the below decks social center of the Morgan 44. The warm glow of hand finished wood, polished brass light fixtures and soft fabrics create a comfortable, inviting space for relaxing and dining. The focal point of the main cabin is the salon table. This beautiful, traditional piece of furniture exemplifies Morgan's pride in craftsmanship.

The Morgan 44

The Morgan 44 is a sleek and swift cruising yacht designed to reward the experienced sailor with outstanding performance while keeping the ship's company in comfort and style.

By starting with a graceful hull with a fine entry and full sections midships and aft, and employing a semi-balanced rudder and cruising fin keel, a high level of performance and the volume required for luxury accommodations are possible.

The deck is unique among center cockpit yachts her size. The high bulwarks create a sense of seaworthiness and security. The cockpit is deep with high, secure, comfortable coamings. The coaming caps are wide, creating a second seating level in the cockpit.

The aft deck is large enough to accommodate deck chairs. The hatch to the large lazarette locker below is flush for maximum useable deck space. The forward end of the trunk cabin is gently angled and textured for safety on the foredeck. The non-skid texture and contrasting colors are molded in for safety and durable good looks.

The interior is a skillful blending of traditional warm yacht finishes and bright, low maintenance materials creating an atmosphere conducive to elegant entertaining or extended living aboard.

The accommodations are stretched the length of the vessel, insuring privacy for the owner and guests with well separated staterooms and private heads. The salon level galley is designed to keep the cook sheltered from main cabin traffic yet included in the conversation and social activity. The galley is bright and well ventilated. There is lots of counter space, storage and a huge divided ice chest/freezer. Cooking aboard the Morgan 44 is an enjoyable task.

The Morgan 44 is a proper yacht. The walk-in engine room is sound insulated, and will accommodate all the mechanical amenities you require for a comfortable life aboard.

Engine maintenance can be properly performed without disturbing the living quarters, all major mechanical components are centrally located in the engine room.

Mechanical, electrical and plumbing systems are to Morgans very high standards.

The Morgan 44 exemplifies Morgan Marine's dedication to excellence and value in cruising yachts.

The aft cabin is a luxurious retreat that rewards the owner with the privacy and comfort expected in a fine yacht. The double berth is on the centerline with reading lamps and upholstered cushions, surrounded by drawers, bins and a hanging locker to port and additional storage and a dressing vanity to starboard. There is a large skylight, opening hatch overhead and five opening ports to ensure good ventilation in any climate.

The navigation desk is located for comfortable, efficient use at sea. Ample space is provided for electronics directly above the nav. desk.

The owner's head aft is accessible only to the owner's cabin, ensuring privacy. The owner's head has a unique, full bathtub with shower.

Photos may show optional equipment.

SOLD AND SERVICED BY:

SUGGESTED PRICE LIST & ORDER FORM

STANDARD EQUIPMENT

SPARS AND RIGGING

Sloop rig with airfoil section, double spreaders
Complete standing and running rigging
Internal pre-stretched dacron rope halyards
Mast/boom painted white
PVC wiring conduit with messenger inside mast

SAIL HANDLING EQUIPMENT

Boom vang
(2) Lewmar 43 self-tailing genoa sheet winches
(1) Lewmar 40 self-tailing mainsheet winch
(2) Lewmar 16 2-speed halyard winches (mast mounted)
(2) 10" lock-in winch handles
Mainsheet traveller with car and stops
Genoa tracks, inboard
Genoa turning blocks
Jiffy reefing
Sheet stoppers on boom

PROPULSION, STEERING & CONTROLS

Fresh water cooled diesel engine with reduction gear
3 blade bronze propeller
Edson mechanical steering pedestal with brake, guard and engine controls
32" destroyer wheel with stainless steel pedestal guard
Bronze sea water strainer
Fully instrumented engine controls with temperature and oil pressure alarms
Emergency tiller

DECK & EXTERIOR HARDWARE

Teak capped bulwarks
Aluminum double anchor roller chock
Custom welded double rail stainless steel bow and stern rails
Folding stainless steel swim ladder on stern

Double vinyl-coated lifelines with gates port and starboard

2 fixed ports
13 opening ports
9 opening deck hatches
2 dorades
Mooring cleats, 2 fore and 2 aft
Midship springline cleats
Teak handrails
2 pairs of chocks
Stainless steel rubrail
2 cockpit storage lockers
5" illuminated compass
Inboard chain plates
Contrasting beige non-skid color

INTERIOR

Satin varnished interior throughout
Varnished teak and holly sole throughout
Teak veneer panelling on main bulkheads
Mica-covered countertops
Navigation station with chart table, swivel seat and chart storage
Custom covered foam cushions with deluxe fabrics.
Main salon settees port and starboard
Port settee converts to double berth
Handrubbed teak varnished dinette table w/storage compartment
Private staterooms, forward and aft, each w/double berths, cabinets, and cedar lined hanging lockers
Varnished ash strips on hull sides
Passageway workbench with wet locker storage
Two separate heads, each w/stainless steel sinks and cabinets with mirrored sliding doors
Aft head with separate tub/shower

Interior night light package

GALLEY

14.5 cu. ft. divided fiberglass lined icebox with racks—4" insulation
Deen double stainless steel sink
Storage lockers, cabinets and drawers
2 burner, gimbaled L.P.G. stove with oven
Separate hand pump for icebox discharge

PLUMBING SYSTEMS

Pressure water distribution system with filter at pump
Hot water heater with engine by-pass and 115V element
1 electric bilge pump
1 manual bilge pump
Marine heads w/holding tanks plumbed to deck plates and overboard discharge
Water Tankage—215 gal. nominal, in two (2) water tanks
Fuel Tankage—50 gal. welded aluminum baffled tank
Dockside pressure water

ELECTRICAL SYSTEMS

2 — 155 amp 12 volt marine batteries
International running lights
115 volt 30 amp shore power with 50 ft. cord & adaptor
Masthead, foredeck and steaming light
12 volt lighting throughout
All color coded wiring
Custom 115V AC/24V DC modular electric panel
Magnetic breakers with "On-Off" indicator lights in lieu of fuses in main panel
Ground fault circuit protection in galley and heads
Extended 5 year "Gel Coat Limited Warranty"
